Dear Ms. Adams,

On behalf of the staff and board of The American Civil War Museum, thank you for Appomattox County's donation of \$15,000.00. Your support is a testament to your passion for the remembrance of the war and the continued education of generations to come.

By answering our call for support, you help to ensure that the Museum will continue its important mission to explore the American Civil War and its legacies from multiple perspectives. We are busy instituting new programs and caring for our existing collection as well as new artifact donations. Your contribution helps us to continue this work and assists us in implementing new ways of sharing our mission with visitors.

We look forward to keeping you apprised of our exciting developments in the coming months.

Warmest regards,
